INDEX.

A.

Abdomen, contusions of, 515
Abortion, criminal, 314
Adhesive plaster in maintaining counter-extension in fractures, 410
Agnew, extirpation of eye, 578
———, vesico-vaginal fistula, 367
Alcantara, perchloride of iron in in-growing toe-nail, 561
Alford, chlorine in diphtheria, 545
American Medical Association, review of Transactions of, 425
Anal fistula, ecraseur in, 557
Anthelmintics, value of different, 247
Apocynum cannabinum as an antiperiodic, 578
Arsenical paper hangings, 570
Articular extremity of bones, chronic inflammation of, 255
Atlee, strangulated hernia, 275
Aveling, antiquity of metal sutures, 560

B.

Barnes on Placenta Prævia, review of, 176
Barthez, instillation of solution of chlorate of soda in trachea, in cough, 544
Barton's operation for straightening knee-joint, 574
Barudel, perchloride of iron in urethritis, 561
Barwell, hysteric condition of joints, 248
Beale, microscope in its applications to practical medicine, notice of, 528
Beers, obituary notice of, 283
Bell, descent of testicle simulating hernia, 563
Bennet, nutrition in health and disease, notice of, 530
Bernard, Lectures on the Physiology and Pathology of the Nervous System, review of, 156

Bond, pathology of rheumatism, 250
Bonfils, lumbrici in biliary ducts, 254
Bonorden, ox-gall in hypertrophies, 246
Brainard, deformity after fracture, 577

Brainard, ununited fractures, 279
Braun, uræmic convulsions, notice of, 215
Brenchley, hydrochlorate of ammonia in neuralgia, 541
Bronzed-skin and healthy supra-renal capsules, 251, 546
———— cachexia, with congenital absence of supra-renal capsules, 251
Brown-Séquard, Journal of Physiology, notice of, 209
Bryant, chronic inflammation of articular extremity of bones, 255
———, opening the urethra in the perineum, 514
Buchanan, vesico-vaginal fistula, 261
Buel, medical topography, &c., of Panama, 131
Busch, physiology of digestion and nutrition, 535

C.

Campbell, iodine and glycerine in ozæna, 578
Cancer, anatomical diagnosis of, 67
——— Lawrence on Surgical Diagnosis of, review of, 172
Carbonic acid, inhalation of in granular pharyngitis, 543
————, quantity evolved from lungs, 223
Carbuncular inflammation of lip, 308
Carcinoma, contributions to literature of, 297
Carduus mariæ and C. benedictus, action of, 537
Cataract, improved method of extracting, 515
Chapin, apparatus for fractures, 355
Chinoidine as an antiperiodic, 578
Choroid coat of eye, structure of, 226
Chlorate of soda, instillation of solution of, in trachea, in croup, 544
Chlorine in diphtheria, 545
Chloroform, inhalation of, in intermittents, 574
Chronic alcoholic intoxication, treatment of, 546
Cigarettes, mercurial, 539
Clark, treatment of diabetes, 575
Clarus, action of ranunculaceæ, 572
Clavicle, rare form of fracture of, 258
Coccyx, displacement of, 259
Cock, pharyngotomy for extraction of foreign body, 518
Cocquerel, larvæ in frontal sinuses, 254
Cod-liver oil, changes produced in amount of blood-corpuscles by, 242
Coloboma iridis, 262
Colourless blood-corpuscles, 348
Condie on Diseases of Children, notice of, 187
Continued fevers, nomenclature and classification of, 229
Copper in organic tissues, 515
Cornea, staphyloma of, 566
Corse, imperforate rectum, 375
——— intermittent lochia, 365
Corvisart on a little known Function of the Pancreas, review of, 183
Cotting, ether in midwifery, 281
Cranium, fracture of base of, 354
Craniotomy, abolition of from midwifery practice, 567
Critchett, iridesis, 564
Croton-oil as an epispastic, 540
Croup, instillation of solution of chlorate of soda in trachea, 544
Cyst in cerebellum, intense neuralgic pain in head, 549

D.

DaCosta, blowing sound in the pulmonary artery associated with affections of the lung, 119
———— effect of respiration on the position of the heart, 370
Dalton's Human Physiology, review of, 446
Darrach, gangrene of the lungs, 350
Davey, disorganization of supra-renal capsules without bronzed-skin, 548
Delaharpe, Jaser's itch ointment, 227
Delirium tremens, pathology and treatment of, 238
Dental pathology, 520
Deval, hemeralopia treated by azotized vapour, 265
Diabetes successfully treated, 575
Digestion and nutrition, physiology of, 535
————, Harley's experiments on, 223
Diphtheria, chlorine in, 545
————, symptoms and treatment of, 234, 236
Dislocation of cervical vertebræ, 280
———— of femur, 258
———— of forearm, 259
Dixon, iridæremia, 263
Diuretics, action of certain vegetable, 275
Dobbell's illustrations of diseases of the chest, notice of, 533
Draper, changes of blood-cells in spleen, 281
Dropsy treated with lemons, 247
Dupré, copper in organic tissues, 515

E.

Ecraseur in anal fistula, 557
Edwards, physiological properties of xyloids, 538
Elliott's new midwifery forceps, notice of, 196
Elsasser, duration of pregnancy, 266
Encephaloid cancer affecting a retained testicle, 563
Erichsen, science and art of surgery, notice of, 210
Ether, extent to which it may be used in midwifery, 281
Extirpation of eye, 578
Eyeball, form of, 224
Eye, extirpation of, 578

F.

Farrar, rupture of large ovarian cyst, cure, 262

Fecundity, extraordinary, 574
Femur, dislocation of reduced by Reid's plan, 258
Fleming, blood-stains, 84
Flint, clinical history of heart-sounds, 278
Forceps, indications for application of, 569
Foster, gastrotomy, 510
Fracture, deformity after, 577
———, possibility of detecting a few weeks after its occurrence, 560
Fractures, apparatus for, 355
——— ununited, treated by subcutaneous perforation of bone, 279
France, ophthalmostasis, 515
Frontal sinus, larvæ of dipteræ in, 254

G.

Gangrene of the lungs, 350
Garner, Eutherapeia, notice of, 203
Gastrotomy in epithelial cancer of œsophagus, 510
Gibert, glycerole de goudron and oil of cade in impetiginous and eczematous eruptions, 228
Gilbert, adhesive plaster in maintaining counter-extension in fractures, 410
Glycerole de Goudron in eczematous and impetiginous eruptions, 228
Godard, monorchidie and cryptorchidie, notice of, 205
Gonorrhœa, injections in, 562
Granular pharyngitis, inhalation of carbonic acid in, 543
Greenhow, sanitary state of the people of England, review of, 143
Gull, paraplegia, 516
Guy's Hospital Reports, notice of vol. iv., 510

H.

Habershon, epithelial cancer of œsophagus, gastrotomy, 510
Hæmostatic properties of chloride of iron, 540
Hamilton, inutility of depletion in syphilitic iritis, 264
———, ovariotomy, 577
Hammond, action of certain vegetable diuretics, 275
——— colourless blood-corpuscles, 348
Harley, bronzed-skin with healthy suprarenal capsules, 251
——— experiments on digestion, 223
Hartford Retreat, notice of report for 1857–58, 497
Hawkins, possibility of detecting a fracture a few weeks after its occurrence, 560
Hays, large dose of opium, 367
Heart, effect of respiration on position of, 370
Heart-sounds, clinical history of, 278
Heat and electricity, influence of on spinal cord, 536
Hemeralopia treated by azotized vapour, 265
Hemorrhage from pharynx, 377
Hepatic lobules, minute structure of, 13
Hernia, descent of testicle simulating, 563
———, strangulated, case of, 275
Hodges' Practical Dissections, notice of, 506
Hodson, chlorine in diphtheria, 545
Horner, Isthmus of Panama, 359
Humphry on human skeleton, notice of, 525
Hunt, tænia cured by pumpkin-seeds, 374
Hunter and Ricord on Venereal, notice of, 213
Hunter, narcotic injections in neuralgia, 244
Hydrocele, new method of curing, 558
Hydrochlorate of ammonia in neuralgia, 541
Hypertrophies, ox-gall in, 246
Hysteric condition of joints, 248

I.

Indiana State Hospital for Insane, notice of report for 1857, 501
Inhalation of carbonic acid in granular pharyngitis, 543
Inversion of uterus successfully reduced, 266
Iodine and glycerine in ozæna, 578
Iodine, new modes of administering, 226
Irideremia, 263
Iridesis, 564
Iris, artificial pupil by tying the, 564
Itch ointment, Jaser's, 227
Itzigsohn, sarcina ventriculi, 537
